BUSINESS COMMERCIAL SERVICES OFFICE

Persons desiring to organize a business entity such as a corporation or partnership in Arkansas must apply to the Arkansas Secretary of State for authority to conduct business or other activities. Through the Business and Commercial Services Division (BCS), the Secretary of State approves various kinds of entity transactions and issues certificates giving effect to these transactions. The term “business entity” is used herein, in a general sense and encompasses all business organizations regulated by the State of Arkansas, including Corporations, LLCs, LPs, LLPs and some associations and cooperatives.

The BCS Division also retains the records of almost 200,000 active business entities organized or authorized to conduct business in Arkansas. Records maintained in this Division are subject to the Freedom of Information Act (except for some franchise tax information). These files are public and may be inspected or copied upon request for a fee. Fees are listed on the Filing Fee Schedule at www.sos.arkansas.gov/BCS/.

A. Hours and Telephone Numbers

The BCS Division is open from 8:00 a.m. to 4:00 p.m., Monday through Friday (except for observed holidays) and can be reached by phone at 888-233-0325 or 501-682-3409. Documents may be filed online at www.sos.arkansas.gov/BCS/. Online filings are normally updated within 48 hours and documentation is returned by e-mail to the submitter. Documents may also be submitted by mail. If approved, mailed documents will normally be filed and returned within 72 hours after the BCS Division receives them. You may also file by bringing documents directly to our office, and if approved, they will be processed while you wait. Any document received after 3:00 p.m. should be available for pick-up the next business day. (To avoid delays caused by return of defective documents, please see the Checklist for Document Filings on page 12.)

B. Services of the Business and Commercial Services Division

I. Approval of Business Entity Transactions – Arkansas Code requires many business entity proceedings to be filed as a public record in the Arkansas Secretary of State’s office. Most common among these transactions are the filing of Articles of Incorporation, Certificate of Organization, Amendments, Mergers, and Dissolutions. Forms for the filing of these documents are available at no charge from the BCS Division online at www.sos.arkansas.gov/BCS/, or by contacting the office. Some filings may be made through our web service at a lower fee.

Fee payments must be submitted when the documents are presented for filing. The principal documents are discussed in detail in this guide, beginning on page 12. If you need additional

assistance, the staff of the BCS Division is available to answer questions and provide help. However, you may need to contact a local attorney or accountant to assist you further with your filing and answer any legal questions you may have.

2. Dissemination of Information – As the official record keeper of business entity documents, the BCS Division can provide various kinds of information on all registered business entities. The BCS Division receives more than 2,500 telephone calls per week, most of which are from persons either requesting information on entities or checking on the availability of corporate names (see page 11 for a discussion of corporate names). Information may also be acquired online, by mail, or by visiting our office.

The following information is available online, by mail, or by telephone:

- Division Hours & Phone Numbers
- Availability of Entity Name
- Availability of Foreign Name
- Availability of Fictitious Names
- Type of Entity and Status
- Registered Agent for Legal Service of Process and Address
- State of Origin
- Authorized Stock
- Corporate Officers

3. Preparation of Certified Copies of Documents – Many legal proceedings and business transactions require the introduction or presentation of documents certified by the Secretary of State as true and accurate copies of the records in this office. Certified copies of the entity records in the Office of the Arkansas Secretary of State may be introduced into evidence in all courts within the state as prima facie evidence of the facts stated in the documents. The Arkansas Secretary of State may certify any entity documents on file with the BCS Division. In addition to certified copies of documents, this office also prepares Certificates of Good Standing, Certificates of Existence, and Certificates of No Record.

- A Certificate of Good Standing states that an entity has complied with all requirements regulated by the Arkansas Secretary of State BCS Division. Certificates of Good Standing can be purchased and downloaded online at www.sos.arkansas.gov/BCS/.
- A Certificate of Existence states that a business entity was incorporated or admitted to do business, whether it was in existence on a particular date, and whether it is currently in good standing with the Arkansas Secretary of State.
- A Certificate of No Record certifies that all available records of the Secretary of State's office have been searched and that a particular entity does not appear in the records.

Because of the volume of certification requests, please submit your order as early as possible. If you must have the order by a particular date, inform the clerk of the date by which you must have your order completed and whether you wish to pick it up or have it mailed. Certification orders must be paid for in advance and are usually processed within 24 to 48 hours after payment is received by the Secretary of State's office.

4. Legal Assistance – The BCS Division of the Arkansas Secretary of State is not engaged in the practice of law and cannot give legal advice or issue legal opinions. If you have specific questions regarding a legal opinion or legal advice, please contact a private attorney or legal professional. Our staff attorneys are available to assist with legal problems arising in connection with matters relating directly to this office. However, they may not render legal advice or counsel individuals about their legal rights. Complaints regarding the activities of corporate entities should be filed with the Arkansas Attorney General's office.

5. Forms – The BCS Division has forms available for the filing of most documents, as well as fee schedules and other materials designed to simplify or clarify transactions with this office. All forms are free of charge. These items may be obtained by visiting the Arkansas Secretary of State's website at www.sos.arkansas.gov/BCS/ or by contacting the BCS Division.

6. Bulk Data Downloads – Listings of existing business entities, including the names and addresses of the entity and its registered agent, are available for purchase. Lists may be prepared by corporate type (domestic or foreign, profit or nonprofit). The charges for these computer printouts, data files, or other media types are calculated by the number of records on the total order and can be purchased through the Arkansas Secretary of State's website at www.sos.arkansas.gov/BCS/ under the Business Entity Search.

7. Authentication of Documents for use abroad – Authentication of public documents for use outside the United States is provided by the BCS Division in the form of an Apostille or a Certification. The documents must be certified by an Arkansas Notary Public, State Registrar, or Elected Official.

The Notarial Certificate or Certificate/Seal of the State Registrar or Elected Official must be affixed to the document. If the document is not in English, a notarized translation of the entire document into English must be attached. It is recommended you contact the Embassy or a Consulate of the country where you intend to use the document to see what type of authentication is accepted before applying. Fees are \$10.00 for an Apostille and \$5.00 for a Certification and are payable in advance. Requests for authentication are only accepted in person at the BCS office or by mail. Customers may choose whether to drop off the request for a later pickup or wait while the request is processed.

CHOOSING AN ENTITY TYPE

When starting a business, you may choose from several business forms or organizations. A variety of organizational structures are available for transacting business in Arkansas. In deciding which form of business is appropriate for your venture, a lawyer, CPA, tax advisor, or financial advisor can provide critical information. Choosing the proper business entity is vital to the success of your project. This booklet outlines some of the issues involved, but is not a substitute for sound legal and financial advice from competent lawyers, accountants, and advisors. It is only a starting point.

One of the primary considerations in selecting a business organization is protection of the owners of the business from liability. Other considerations include tax treatment by the federal and state governments, management structure, future ownership, and capitalization. Arkansas laws determine how particular entities should be set up and conduct their business. These laws are very specific and set out the legal responsibility of each business form. Taxing authorities and regulatory agencies also have laws that pertain to businesses.

You can find information about choosing and setting up the proper form of business for your needs at libraries, small business development centers, and on the Internet. Ultimately, however, an attorney or a certified public accountant is probably needed to help you make the decision. The most common business structures are described in the following pages.

Sole Proprietorship

A business with a single owner with no formal or separate form of business structure is known as a sole proprietorship. The owner has sole control and responsibility of the business. A sole proprietorship is easily formed, allows important decisions to be made quickly, and typically has fewer legal restrictions. In this situation, the owner and the business are indistinguishable.

The business has limited life and cannot be transferred (as an entity) to others. Generally, paperwork for sole proprietorships is NOT filed with the Secretary of State; some is filed at the county level. (See also, Nonfiling/Nonqualifying Entities below). The sole proprietor's responsibilities include but are not limited to:

Sole Proprietorships:

- Obtain all capital
- Incur personal liability for all debts and claims against the business
- Claim all profits and losses on the owner's personal income tax return
- Obtain state and local business licenses and permits
- Record the name of the business with your local county clerk

Partnership

A partnership is an association of two or more persons acting as co-owners of a business. A written agreement between the parties involved is highly recommended. This agreement should set out the responsibilities and obligations of the partners, as well as the percentage of ownership.

General Partnership

General partnerships are not required to file an official registration beyond that required for a sole proprietorship, but may choose to file with the Secretary of State's office in order to be on record as a general partnership. Check with your advisors.

General partnerships:

- Do not protect the personal assets of the business partners from claims against the partnership.
- Are required to file informational returns with the Internal Revenue Service and Arkansas Income Tax Division.
- Share its profits and losses among the partners according to their ownership percentage or other legal means. Partners are then required to claim this income or loss on their personal income tax return.

Limited Liability Partnership

A limited liability partnership (LLP) allows all the partners to take an active role in the management of the business while offering members some liability protection from actions of the other partners, the partnership, and the partnership employees. LLPs are most often used by groups of professionals such as doctors, accountants, or architects.

Limited Liability Partnerships:

- Are treated like partnerships by the Internal Revenue Service.
- Are required to file informational returns with the Internal Revenue Service and Arkansas Income Tax Division.
- Do not provide liability protection to individual partners for their own actions.
- Are created by filing a Qualification of Limited Liability Partnership with the Secretary of State.
- Must file an annual report with the Arkansas Secretary of State.

Limited Partnership

A limited partnership (LP) consists of general partners and limited partners. The general partner(s) manage the business and usually have no liability protection. The limited partner(s) are usually investors that are not involved in the day-to-day running of the business and whose liability is normally limited to the extent of their investment.

Limited Partnerships:

- Are treated like a partnership by the Internal Revenue Service.
- Are required to file informational returns with the Internal Revenue Service and Arkansas Income Tax Division.
- Were originally developed for real estate development ventures.
- Are created by filing a Certificate of Limited Partnership with the Secretary of State.
- Must file an annual report with the Arkansas Secretary of State.

Limited Liability Limited Partnership

A limited liability limited partnership (LLLP) is a type of limited partnership. One effect of registration is to limit the vicarious liability of the general partners in the same fashion that registration as an LLP limits the liability of the general partners of a general partnership.

Limited Liability Limited Partnerships:

- Are created by filing a Certificate of Limited Liability Limited Partnership.
- Are a type of Limited Partnership.
- Must file an annual report with the Arkansas Secretary of State.
- Are required to file informational returns with the Internal Revenue Service and Arkansas Income Tax Division.

Corporation

A corporation is a more complex form of business organization. The corporation is a legal entity and exists apart from its owners or shareholders. As a separate entity, the corporation has its own rights, privileges and liabilities apart from the shareholders, officers and board of directors. A corporation can buy and sell property, enter into contracts, sue and be sued. Elected officers and its board of directors manage the corporation.

Corporations:

- Are created by filing Articles of Incorporation with the Arkansas Secretary of State.
- May be formed for profit or for nonprofit purposes.
- Are unaffected in their duration by death or transfer of shares by any of the owners.
- Require more extensive record keeping.
- For-profit corporations pay taxes on their profits; profits are distributed to the owners via dividends and are taxable by state and federal taxing authorities.
- For-profit corporations must file annual franchise tax reports with, and pay franchise taxes to, the Arkansas Secretary of State.
- For-profit corporations file returns with the Internal Revenue Service and Arkansas Income Tax Division.

S Corporation

The S Corporation is a corporation that chooses to be taxed under Subchapter S of the Internal Revenue Tax Code. Being an S Corporation is a tax matter only. S Corporations are considered “tax pass through” business entities, meaning their profits and losses are reported by their owners on the owners’ personal tax returns.

S Corporations:

- Are corporations in the view of the state and comply with state corporation laws.
- Must have only one class of stock.
- Must be made up of shareholders that are individuals, estates, or trusts, but not corporations.
- Can only have shareholders that are United States citizens or residents.
- Cannot be members of affiliated groups of corporations.
- Are limited to 75 shareholders.
- Are created by filing Articles of Incorporation with the Arkansas Secretary of State and then the Internal Revenue Service.
- Must file annual franchise tax reports with, and pay franchise taxes to, the Arkansas Secretary of State.

Limited Liability Company

A limited liability company (LLC) combines many characteristics of corporations and partnerships. The LLC provides limited liability to its members.

Limited Liability Companies:

- Must file Certificate of Organization with the Arkansas Secretary of State.
- Allow members to manage the company themselves or to elect managers.
- Allow members to engage in management without risk of losing their limited liability status.
- Are a relatively new form of business organization.
- May be taxed by the Internal Revenue Service as corporations or as partnerships, depending on their structure.
- Must file annual franchise tax reports with, and pay franchise taxes to, the Arkansas Secretary of State.
- Are required to file informational returns with the Internal Revenue Service and Arkansas Income Tax Division.

Series Limited Liability Company

A series LLC (SLLC) is an LLC whose agreement provides for the establishment of 1 or more designated series of members, managers, limited liability company interests, or assets which have separate rights, powers, or duties with respect to assets and liabilities.

Series Limited Liability Companies:

- Each series can have a separate business or investment purpose.
- SLLCs provide both vertical (series to LLC) and horizontal (series-to-series) liability protection.
- An individual can be a member/manager of more than one series, and each series can have more than one member/manager.
- Each series must maintain its own books and records.
- The master LLC and series LLC(s), also called Protected Series or PS, must establish a master operating agreement that, at a minimum, establishes the designated series of transferable interest, intended limitation on liabilities, and may provide for different classes of group of members or managers associated with a series with varying economic and voting rights, powers, and duties.
- Because of the complexity of SLLCs, the Arkansas Secretary of State STRONGLY encourages anyone wanting to form this type of entity to first seek both legal and professional tax advice from a licensed attorney and certified public accountant.
- Please contact the BCS office for further information on how to form a SLLC.

Nonprofit Corporation

Nonprofit corporations must be created for a public benefit, for mutual benefit for its members, or for religious purposes. Nonprofit corporation status does not guarantee that the organization will be granted tax-exempt status by the Internal Revenue Service, nor does it ensure that the contributions to the organization are tax deductible.

Becoming a nonprofit corporation is generally a prerequisite to applying for tax-exempt status under IRS Code, such as section 501(c)(3) or section 501(c)(4). To accommodate the vast number of entities choosing to file for tax-exempt status with the IRS, the Arkansas Secretary of State provides a blank template, as well as the traditional nonprofit articles of incorporation template. If the nonprofit corporation intends to solicit charitable contributions, it must also register with the Arkansas Secretary of State. See Charitable Organization Registration below.

Nonprofit Corporations:

- May not have shareholders or pay dividends.
- May compensate members, officers, and trustees (in reasonable amounts) for services rendered.
- Must have specific provisions in its Articles of Incorporation dealing with property distribution upon dissolution.
- Are created by filing Articles of Incorporation with the Arkansas Secretary of State.
- Must file an annual disclosure statement with the Arkansas Secretary of State.

Charitable Organization Registration

Pursuant to A.C.A. §§ 4-28-401 through 416, Arkansas law requires a charitable organization wishing to solicit contributions from persons in this state to register with the Secretary of State prior to engaging in any of the following: soliciting contributions, using fund-raising counsel, paid solicitors, professional telemarketers, or conducting a sales promotion. Charitable organizations are obligated to update their information when they file their annual financial report. The annual financial report must be filed no later than one hundred eighty (180) days after the last date of the charitable organization's fiscal year including, but not limited to, relationships with fund-raising counsel, paid solicitors, or commercial coventurers.

Paid Solicitor Registration

Pursuant to A.C.A. §§ 4-28-401 through 416, Arkansas law requires paid solicitors to register with the Secretary of State. Registration is only valid for one year but may be renewed for additional one year periods. The registration form and all required attachments must be submitted at least 15 days prior to commencing performance on the contract.

Fundraising Counsel Registration

Pursuant to A.C.A. §§ 4-28-401 through 416, Arkansas law requires fund-raising counsel to register with the Secretary of State. Fund-raising counsel is defined by A.C.A. § 4-28-401(6) as any person who, under a written agreement, plans, conducts, manages, carries on, advises, or acts as a consultant in connection with the solicitation of contributions on behalf of a charitable organization, but who does not actually solicit contributions. Registration is only valid for one year but may be renewed for additional one year periods with the filing of a new application and fee. The form and all required attachments must be submitted at least 15 days prior to commencing performance on the contract.

Professional Telemarketer Registration

Pursuant to A.C.A. §§ 4-28-401 through 416, Arkansas law requires the registration of any person employed or retained by a paid telemarketer to solicit charitable contributions in Arkansas. This registration must be submitted within 72 hours after accepting employment. Registration is only valid for one year but may be renewed for additional one year periods with the submission of the form and the applicable fee of \$10.00 per telemarketer.

Telephonic Sellers

Pursuant to A.C.A. §§ 4-99-101 through 112, Arkansas law requires the registration of telephonic sellers wishing to do business in Arkansas. This registration must be submitted ten (10) days prior to beginning business in the state. Registration is only valid for one year but may be renewed for additional one year periods with the submission of the registration form and the applicable fee of \$100.

Commercial Registered Agent

A commercial registered agent is an individual or entity that is in the business of providing registered agent services for registered entities in Arkansas. The primary purpose of the commercial registered agent is to accept service of process or other notices on behalf of the entities.

Commercial Registered Agents:

- Are created by filing a Commercial Registered Agent Registration with the Arkansas Secretary of State.
- Are regulated by the Model Registered Agents Act (MoRAA) of 2007.

Nonfiling/Nonqualifying Entity

An entity that is not required to file or register in order to transact business in the state may choose to file a Nonfiling/Nonqualifying Entity Statement. This filing allows the entity to have its registered agent/service of process information on file with the Secretary of State.

Nonfiling/Nonqualifying Entities:

- Are created by filing a Nonfiling/Nonqualifying Entity Statement with the Secretary of State.
- Do not qualify as an otherwise nonqualifying entity.
- Do not provide any protection for the use of the name by the entity.

Video Service Providers

Act 276 of 2013 authorized video service providers to register with the Arkansas Secretary of State and receive a Certificate of Franchise Authority. Original registration fees are \$1,500 and Certificates are valid for a ten year period. Application forms can be found online at the Arkansas Secretary of State's website at www.sos.arkansas.gov/BCS/.

Benefit Corporation

Act 1388 of 2013 authorized the creation of a Benefit Corporation. It operates generally under the same rules as a corporation created under the new corporation code, A.C.A. § 4-27-101 et. seq., but must pursue a general public benefit, which is defined as a "material positive impact on society and the environment." Specific public benefits may be identified also in the articles of incorporation. An annual benefit report must be filed with the Secretary of State at the same time franchise taxes are filed. The additional fee for filing the annual benefit report is \$70.00.

CORPORATE NAMES

A business entity organized or admitted to do business in Arkansas is granted the exclusive use of a name at the time it is file marked by the Arkansas Secretary of State. However, according to A.C.A. §§ 4-27-401 through 4-27-405 and A.C.A. §§ 4-26-401 through 4-26-406, a corporate filing with the Arkansas Secretary of State does not necessarily give you the right to use your proposed corporate name, assumed, or fictitious name in this state if the use violates someone else's trade name, trademark, or service mark rights under the trademark laws of the United States, this state, or the common law. Prior to your use of the name, you are encouraged to re-search the names and marks of other parties used or registered in this state, or registered in the United States Patent and Trademark Office, or consult an attorney to determine the existence of any conflicting rights.

A. Requirements for Corporate Name

1. The name of every Arkansas corporation must include the word "Corporation," "Incorporated," "Company," or an abbreviation of one of these words. The corporate ending may vary due to the section of Arkansas Code under which the entity chooses to file (See Application for Filing Articles of Incorporation, available online at www.sos.arkansas.gov/BCS/, or by contacting our office).
2. No domestic or foreign business entity may take or assume an entity name that is not distinguishable from the name of any other Arkansas business entity or of any other foreign business entity authorized to transact business in Arkansas. The name must be distinguishable from other names on record.

B. Name Availability

1. Distinguishable names – A corporate name that is different from the name of another entity or filing is distinguishable unless the only difference is one (1) or more of the following:
 - a. A suffix;
 - b. A definite or indefinite article;
 - c. The word "and" and the symbol "&";
 - d. The singular, plural, or possessive form of a word; or
 - e. A punctuation mark or a symbol.
2. All requests for name availability searches are available by contacting a business services representative or by conducting a name search on the Secretary of State's website www.sos.arkansas.gov/BCS/. The name searches are strictly preliminary searches and do not guarantee the right of the filer until actual corporate papers are filed with the Secretary of State's office. It is not advisable to obtain a tax ID number, stationery, stock certificates, literature, advertising or other items based upon a name availability search.

C. Reservation of Names

1. Corporate names may be reserved prior to incorporation for a period of 120 days when the Arkansas Secretary of State's office receives the correct filing fee and the proper name reservation forms. The forms are available for electronic filing or downloading from the Secretary of State's website, www.sos.arkansas.gov/BCS/, visiting the office or contacting a corporate representative. Name reservations filed under the corporate act are non-renewable. Name reservations filed under the LLC and LP acts have a one-time renewal period.
2. When a corporate name has been reserved, and the right to that name is transferred in writing during the 120-day period, it can only be reserved for the balance of time remaining on the original 120-day period. The fee for transfer of name reservation and the form can be found online at www.sos.arkansas.gov/BCS/ or can be obtained by contacting a BCS corporate representative.

Section 4

CHECKLIST FOR DOCUMENT FILINGS

This checklist helps to prevent some of the most common problems that delay the processing of documents filed with the BCS Division. Simply review the following checklist to ensure that your documents are complete and accurate.

A For All Documents

1. Check to see that every section of your document has been completed, including addresses (P.O. Box is not an acceptable address for a registered agent). Incomplete documents cannot be approved and will be returned to the applicant for correction. If the separate franchise tax contact information form is not completed, your annual franchise tax report (if applicable) and/or annual report may not reach you, causing your corporation to enter inactive or revoked status. Franchise taxes will still accrue, even if unpaid, until the business is dissolved or withdrawn formally.
2. Make sure you have submitted the correct fee and that your check is not more than 60 days old. Sign your check and make it payable to the Arkansas Secretary of State (A filing fee schedule may be obtained by accessing our website, www.sos.arkansas.gov/BCS/, writing, or calling our office or visiting the Business and Commercial Services Division).
3. Confirm that all necessary parties have signed the documents. Incorporators must usually be at least 18 years of age. But, according to A.C.A. § 4-27-120, one or more natural persons who are between the ages of sixteen (16) and eighteen (18) years of age shall have a person who is at least twenty-one (21) years of age or older to serve on his or her behalf as an incorporator/organizer of a corporation or LLC.
4. File an original set of documents. Do not send copies.

5. Be certain you are filing the correct document. Check to see if the form is for a profit, nonprofit, foreign, domestic, or public benefit corporation.
6. Reserve your corporate name by internet, mail, or in person at the BCS Division. Filing the correct forms and paying the filing fee will reserve your name (upon availability) for 120 days. No reservations can be placed by telephone. A check for the availability of a corporate name by internet or telephone is only a preliminary search and does not guarantee the name is available. It is not advisable to buy stationery or other items based upon a name search.

For all documents, the business must be current in its franchise tax filings and payments. Franchise taxes are due annually. Failure to pay can result in the imposition of additional fees, penalties and interest, or even revocation of the authorization to do business. Franchise taxes continue to accrue, even for revoked businesses, until the business is dissolved, withdrawn, or merged. Any additional BCS filings are prohibited for entities that fail to pay the franchise tax.

B. Articles of Incorporation For Profit and Nonprofit Entities

1. Check all general points listed in Part A.
2. Check to see if you have provided a principal office address and a physical registered agent address in Arkansas. Post Office boxes are not acceptable.
3. Nonprofit entities must list what will be done with their assets upon dissolution. The IRS requires specific wording in the Articles of Incorporation regarding the disposition of assets. Please verify with the IRS, before filing with the Arkansas Secretary of State, if you have questions and are applying for federal nonprofit status. The IRS website is www.irs.gov. To accommodate the vast number of entities choosing to file for 501(c)(3) status with the IRS, the Arkansas Secretary of State's office provides a blank template with suggested IRS language as well as the traditional nonprofit articles of incorporation templates.

C. Articles of Amendment

1. Check all general points listed in Part A.
2. Be certain to state clearly the text of each amendment and identify each article being amended.
3. Make sure annual reports/franchise taxes are current.

D. Dissolution

1. Check all general points listed in Part A.
2. Make sure annual reports/franchise taxes are current.
3. Fill out and pay Final Franchise Tax Report. All unpaid franchise taxes, penalties and interest must be paid.
4. Fill out and return correct dissolution form and fee.
(All Non-Profit entities disregard item 3 above.)

E. Foreign Corporation Application for Authority to Transact Business

1. Check all general points listed in Part A.
2. Be sure to complete Article 7. This requires good faith estimates in dollar amounts.
3. A Certificate of Good Standing from the entity's domestic state must be filed with all Foreign Corporation Applications for Certificate of Authority to transact business in the state of Arkansas. This good standing must be dated within the past 30 days.

F. Foreign Certificates of Amendment

1. Check all general points listed in Part A.
2. Be certain to state clearly the text of each amendment and identify each article being amended.
3. Include a certified copy of the amendment, merger, or consolidation officially filed in the corporation's domestic state, dated within 60 days.
4. Make sure annual reports/franchise taxes are current.

G. Withdrawal

1. Check all general points listed in Part A.
2. Make sure franchise taxes are current. All unpaid franchise taxes, penalties, and interest must be paid.
3. Fill out annual report and/or Final Franchise Tax Report and pay franchise taxes.
4. Fill out and return the correct withdrawal form and fee.

H. Mergers

1. Check all general points listed in Part A.
2. The agreement or plan of merger must be submitted with the Articles of Merger. The agreement must detail:
 - a. The terms and conditions of the merger;
 - b. The manner of converting the shares of the non-surviving corporation(s) into shares or other securities of the surviving corporation; and
 - c. A statement of the amendments to the Articles of Incorporation of the surviving corporation necessary and/or desirable to effect the merger.
3. The effective date of the merger shall not be prior to, nor more than 30 days after, the date of the filing and approval of the Articles of Merger by the Secretary of State. If the effective date is not stated in the Articles of Merger, the effective date shall be the date of filing (and approval) of the Articles of Merger by the Secretary of State.

4. The filing must include one original Articles of Incorporation or Certificate of Organization, signed by all incorporators/organizers, and contain the following information:

1. a. Name of the Corporation – Shall contain the word “Corporation,” “Incorporated,” or “Company,” or an abbreviation of one of these words, but not as the final word of the actual company name. The Board of Directors must adopt a resolution setting out the proposed amendment(s) and direct that they be submitted to a vote of the shareholders of the corporation. The shareholders of the corporation entitled to vote on amendments must then vote to adopt the proposed amendment(s). If all or a substantial number of the articles are to be amended, Amended and Restated Articles of Incorporation may be filed, which will supersede the original Articles of Incorporation.

For a corporation organized under the new corporation code, A.C.A. § 4-27-101 et. seq., an original Certificate of Amendment must be filed with the Arkansas Secretary of State with an officer's signature and the following information, pursuant to A.C.A. §§ 4-27-1006 to 1009:

1. Name of corporation;
2. Statements certifying the following information:

 - ii. Either the total number of votes cast for and against the amendment by each voting group entitled to vote separately on the amendment or the total number of undisputed votes cast for the amendment by each voting group, plus a statement that the number cast for the amendment by each voting group was sufficient for approval by that voting group.

For amendment filings pursuant to A.C.A. § 4-26-301 et. seq., please refer to the Arkansas Code or the template provided online by the Arkansas Secretary of State's office.

C. Change of Registered Agent Information

Every Arkansas domestic or foreign admitted corporation is required to register with the Arkansas Secretary of State its current principal office address in Arkansas and the name and address of the person designated as the registered agent for service of process. If the corporation does not have an office or facility in Arkansas, the registered agent's address can serve as the principal office address. Changing the Registered Agent does not change the franchise tax contact information or the principal office address (which must be done separately).

The location and designation of registered agent may be changed by filing with the Arkansas Secretary of State a certificate, signed by the president or other officer, which contains the following information:

- Name of corporation;
- Entity type;
- Previous name and street address of registered agent; and
- New name and street address of registered agent.

Some registered agents may choose to be filed as a commercial registered agent and comply with the Model Registered Agents Act (MoRAA) of 2007. - Name of individual or entity;
- Jurisdiction; and
- Physical and mailing address for service of process along with an additional means of accepting service.

D. Dissolution

A corporation may terminate its corporate existence by undergoing voluntary dissolution. The Board of Directors must first approve a resolution proposing dissolution. That resolution must then be adopted by a vote of the shareholders of the corporation. Upon adoption of the resolution by the shareholders, the Board of Directors may then proceed to dissolve the corporation by filing the Certificate of Dissolution, signed by the president or other officer of the corporation, which contains the following information:

1. Name of the corporation;
2. Date the dissolution was authorized;

3. If dissolution was approved by shareholders:
 - a. The number of total possible votes on the proposal to dissolve;
 - b. Either the total number of votes cast for and against dissolution or the total number of undisputed votes cast for dissolution and a statement that the number cast for dissolution was sufficient for approval; and
4. If the dissolution required approval by voting groups, the information in #3 above must be provided for each individual voting group entitled to participate.

E. Fictitious Name Registration

No corporation, foreign or domestic, shall conduct any business in Arkansas under a fictitious name unless it first files that name with the Arkansas Secretary of State. In the case of a domestic corporation, a form supplied or approved by the Secretary of State must also be filed with the county clerk of the county in which the corporation's registered office is located (unless located in Pulaski County), giving the following information:

- Fictitious name under which the business is or will be conducted;
- Description of the character of the business;
- Corporate name of the applicant;
- The state of incorporation;
- Location of the registered office of the applicant corporation in Arkansas; and
- Statement that if applicant is a foreign corporation, it is admitted to and authorized to do business in Arkansas.

F. Name Reservation

1. The exclusive right to the use of a corporate name may be reserved by any person or corporation, foreign or domestic, by filing with the Arkansas Secretary of State a written application to reserve a specified corporate name. If the Secretary of State finds that the name is distinguishable upon its records from any other name reserved or registered or the name of any domestic corporation or any foreign corporation admitted to this State, it may be reserved for the exclusive use of the applicant for a period of 120 days.
2. The applicant may transfer the right to the exclusive use of a specific corporate name to another person or corporation by filing a Transfer of Reservation of Name form in the Office of the Secretary of State.
3. A name reservation filed under the corporate code section may not be renewed nor shall the same name be reserved on any subsequent application filed by, or for the benefit of, the original applicant or any person, firm or corporation identified with such applicant, or any transferee of the original applicant.
4. A name reservation filed under the limited liability company or limited partnership code section may be renewed one time by the original applicant by filing the appropriate form and fee.

G. Nonprofit Articles of Incorporation

Any association or persons choosing to be incorporated as a nonprofit organization shall file under the Arkansas Nonprofit Act by completing nonprofit Articles of Incorporation with the Secretary of State. Before the Articles are prepared, a corporate name should be selected and verified with the BCS Division (See pages 11 and 12 for a discussion of corporate names and reservation of names). The Office of Secretary of State will review and approve the Articles and issue a Certificate of Incorporation, which marks the beginning of the corporate existence.

If filing for federal tax exempt status of 501(c)(3), please refer to the special template provided by the Arkansas Secretary of State's office.

The articles must include the following information:

1. Name of corporation;
2. Type of nonprofit corporation: Public-Benefit, Mutual-Benefit, or Religious Corporation;

TRADEMARKS AND SERVICE MARKS

Filing Trademarks and Service Marks

Individuals and entities, both foreign and domestic, may choose to register their trademarks or service marks with the state of Arkansas.

A state trademark is recognized as a representation of the business and its products, and is denoted by “TM” as a superscript or subscript beside the mark. Only a trademark registered with the federal government may use the ® mark. For example, the Nike logo appears on products and in advertising and is considered a trademark.

A state service mark, denoted by “SM,” symbolizes the services an entity offers. For example, a bank provides a service, and its logo would be considered a service mark.

A mark must be in use before being registered with the Arkansas Secretary of State. A foreign entity may choose to register its trademark or service mark in the state of Arkansas even if that entity is not registered to conduct business in Arkansas.

To register a trademark or service mark with the Arkansas Secretary of State, the applicant must send a completed application form, appropriate fee, and specimens which show the mark actually in use. Applications are available online at www.sos.arkansas.gov/BCS/. The application form must reflect the date the mark was first used anywhere, and the date it was first used in Arkansas. The application packet must also include three original specimens of the mark in use. These may include business cards, stationery, literature, apparel, etc. Photographs are not acceptable unless they depict the mark used in signage. Color printouts are only acceptable when showing the mark in use on a website.

Renewing and Transferring Trademarks or Service Marks

A trademark or service mark is registered for five years. It may be renewed during the six-month period prior to expiration, by repeating the application process. The mark and the application must reflect what is currently on file for the mark to be considered a renewal. If any updates or changes to the mark are to be made, the applicant must submit an application for a new mark.

A trademark or service mark may be transferred to another owner upon submission to the Arkansas Secretary of State the appropriate fees and notarized Assignment of Registration form, signed by a representative of the original mark holder (“assignor”) and a representative of the prospective mark holder (“assignee”).
